

# *G Is For Green*

*Easy-to-use tips, tricks and ideas to save the planet.*

April 22, 2009

## **Happy Earth Day! Do your part everyday.**

### **Paper Trail**

Paper consumes more than one-third of landfill space, which in turn is detrimental to the environment because of methane creation.

When it comes to paper, the three R's are your key to success:

- **Reduce:** Request bills, statements, newsletters etc. to be sent electronically
- **Reuse:** Shred paper for packing materials or compost. Use old envelopes for scratch paper or notes, or save scraps for craft projects around the house.
- **Recycle:** Even those items like glossy junk mail, newspapers, cardboard boxes, magazines, phone books, etc. can be recycled.
